Startup Connection: Top Startups in St. Louis – All Under One Roof

ST. LOUIS – Startup Connection, the biggest celebration of St. Louis’ Innovation Community, will show off more than 60 of the top startups in St. Louis at the Globe Building Wednesday night.

[Startup Connection](#) gives St. Louis’ top startups the chance to present their companies to a packed house of entrepreneurs, investors, and other members of the innovation community. In addition to the Startup Showcase, the event also serves as a resource fair for entrepreneurs to connect with startup support organizations.

“Startup Connection is the Who’s Who of new St. Louis startups,” said Phyllis Ellison, managing director of Startup Connection ’17. “Plus, you’ll see more well-established businesses taking advantage of all of this talent and technology in one room by not only sponsoring the event, but by awarding prizes and services to their favorite new companies.”

Awards include cash prizes and thousands of dollars in accounting services, legal services, and memberships from some top St. Louis businesses. Check out the list of companies competing in this year’s [Venture Showcase](#) if you need a reminder of how great our Startup scene really is.

Now, where to be when: [The Globe Building at 710 N Tucker, St. Louis 63103](#)
