

The National Renderers Association

Representing the Rendering Industry in the U.S. and Canada

ASSOCIATE MEMBERSHIP

We Invite You to Join

As an NRA member, you'll grow your industry connections and business opportunities with key decision makers in the rendering industry. NRA represents 95 percent of rendered production in the U.S. and Canada.

NRA Mission

The NRA advocates for a sustainable food chain, public health and the environment through the production and marketing of rendered products and services. NRA:

- Promotes effective public policy, regulation and technology
- Encourages responsible business practices
- Supports free movement of rendered products in domestic and international markets
- Improves stakeholder awareness and understanding of the value of rendering

NRA Associate Membership

Open to business partners of U.S. and Canadian renderers who provide goods and services to the rendering industry and share a common interest with them.
