

# Keeping Up!

with the Rapidly Changing Digital World  
in which Our Children Live and Learn

**common  
sense**

**Michael Turner**  
Head of School  
**David Grossman**  
Director of Technology

# We will learn about...

- Why digital citizenship is important to our students
- What STM is doing to support students
- **Resources** for families to support your student

**common  
sense**

# Why

Digital Citizenship is critical to  
Our Kids

# Digital Citizenship is critical to Our kids

- DRAGONS values
- Continuity between physical and digital selves
  - Digital footprint

# What

St. Michaels is doing  
to support students

# Internet Content Filter

STM School remains committed to safe, inclusive environments. To that end, we have a filtering system that ensures STM is in compliance with the **Children's Internet Protection Act (CIPA)**. STM uses go guardian software to block or filter websites that have been deemed inappropriate to our student population.

- Go Guardian is installed on all STM devices
- go guardian content filtering on STM devices happens at school, at home, or any other public/private network
- go guardian filters by keyword, images, categorized content and can prevent the installation of malicious software
- go guardian is not installed on non-STM devices, but these devices are filtered while on the STM network.
