

**Extended Programs Core Extended Day  
Enrollment Information, 2019-2020**

February 7, 2019

To our families:

Our Extended Programs continue to grow in enrollment and offerings aimed at meeting the needs of our students and families beyond the school day. We hear continuously that families and students alike love the program, and feel loved by the experienced and talented teachers. I am proud of how Mrs. Steele and her remarkable staff continue to deliver on St. Michael's mission in new and exciting ways. Their goal each afternoon when families arrive for pick-up is for children to have completed their homework well, be a little tired from playing, and be a little disappointed to have to leave. Those of us with children in the program can attest that this is always the case.

In 2019-20, program highlights will continue to include supervised study halls, ample opportunities to play outside and indoors, and a strong sense of community with particular emphasis on student socialization. Enrollment in the Core Extended Day Program includes *FREE enrollment for all half-days and clerical days*. Families may select from the enrollment plans below. Those on 3 and 2-day plans may schedule which days of the week are most convenient. As in years past, additional enrichment classes and vacation camps will be available for an additional fee.

*Early morning gym care will continue to be available free of charge for all students beginning at 7:20 a.m. No need to sign-up, just drop-off children when it's helpful to you.*

**Lower School**

A host of enrichment activities are included within the Core Extended Day program. These include music, art, and STEM learning.
