

How To Support Our Downtown Businesses

During this unprecedented time, please be sure to check with your favorite shops before heading to Downtown Holland. A number of Downtown businesses have closed for the time being or have reduced their hours in response to current events. Wondering how you can support your favorite businesses during this time? Check out the ideas below!

Follow them on Facebook and Instagram! Our businesses have been doing a great job keeping their customers up-to-date on how they are handling this rapidly evolving situation. Be sure to like, comment and share their posts to offer your support and to help increase their business exposure on social media!

Visit their websites and shop online! See something you want to purchase on a Facebook and Instagram post? Inquire about curbside pick up, delivery or shipping by calling, emailing or direct messaging them. New accessories and clothes delivered to your doorstep before summer arrives? Yes, please!

Buy a gift card! (Or buy 50, you know...whatever.) Order gift cards online, over the phone or even via email. Pay now to support your favorite businesses when they need it the most and then enjoy spending your gift card later on.

Be understanding and have patience if you don't get a response right away. This is a stressful time for everyone and businesses may need a little more time to get back to you, especially if they are working with a reduced staff. Hours may change unexpectedly as well. We promise your patience and understanding is greatly appreciated by everyone!
