

Fourth Grade Summer Reading Bingo

Spend at least **20** minutes reading EVERY DAY!

Directions: Complete any five activities, or challenge yourself and complete the whole card! As you complete each square, write the square number, title and date on the back of the page. Have a parent initial it and then color in the square (any way you want-- pattern/picture/solid are all great!). One book may count for two activities. Oh, and one book must be the required book.
