

Admissions Testing Resources Richmond Area Independent Schools

This listing has been developed and approved for use by the following schools:

Collegiate School (804) 741-9778 • St. Catherine's School (804) 281-7140

St. Christopher's School (804) 282-3185 • St. Michael's Episcopal School (804) 272-3514 • The Steward School (804) 565-2334

As part of the admissions process our schools ask that applicants complete the WPPSI-IV or WISC-V testing. In the past, families have chosen to test at our schools and we do enjoy that opportunity to connect with your family and share our programs with you. Currently due to COVID-19 restrictions, some schools are unable to welcome guests to campus and provide onsite testing. In an effort to help families and continue with this step in our admissions process, we have compiled a list of local testers. These individuals are familiar with our schools and are available to provide admissions testing.

The participating schools recommend contacting the testers and inquiring about the services offered and price structure. Test results are shared with the school or schools each applicant is applying to as directed by the family.

Please complete and submit each school's required testing form.
